

ASSAM STEEL 500. Kettle 500ml

Glass teapot with infuser. It has a patented system that stops the preparation of the tea when the plunger is pressed, so as not to make the tea bitter. The borosilicate glass is heat resistant and does not alter or impair the flavour of your beverage. The filter and lid are made of durable stainless steel, able to withstand many years of use. It includes a silicone rim that stays cool to the touch and holds the filter in the kettle to pour your tea more accurately and safely. The Assam is an innovative glass teapot based on our French press brewing system to ensure an exceptionally pure and refreshing flavour. Dishwasher safe. It has a capacity of up to 500 mL. Supplied in a gift box
