

JAVA 350. Coffee maker 350ml

French press coffee maker with a high-quality borosilicate glass container. The glass is heat resistant and does not alter the natural flavour of the coffee. The integral stainless steel plunger prevents the beans from falling out of the coffee maker while the coffee is served. The glass is framed, with a durable, lightweight material for protection, allowing for safe use. The press coffee maker features an iconic retro-style design, with all the avant-garde qualities needed to produce a rich, flavorful beverage. With no need for paper filters or capsules, it becomes a sustainable alternative to traditional products. All parts are dishwasher-safe. It has a capacity of up to 350 mL. Supplied in a gift card sleeve
