

TRAVEL MUG 450. travel mug 450ml

Double-walled vacuum-insulated French press made of BPA-free material. Featuring a mesh, silicone plunger and a non-slip silicone strip for easy and comfortable handling. The lid is spill-resistant, but not watertight to prevent possible over-pressure. The versatile Travel Press allows you to brew your coffee on the go. Fill it with home brewed coffee or even brew a loose-leaf tea. It ingeniously combines the properties of insulation with the additional benefits of the French press system, keeping coffee hot or cold to the touch depending on your preference. All parts are dishwasher safe. Capacity up to 450 ml. Supplied in a cardboard gift sleeve
